## CONFÉRENCE

# Congress of the Société de Toxicologie Clinique

61st congress of the STC

*Published on 6 September 2023*

Toxicology, a cross-disciplinary field in constant evolution, lies at the crossroads of many medical specialties (emergency medicine and resuscitation, occupational pathology, pediatrics, biology, forensic medicine, environmental medicine, etc.).

The STC, whose aim is to promote toxicology in all its aspects, is involved in work on emergency toxicology, occupational toxicology, environmental toxicology...

extract from the program:

Wednesday Oct. 11: Cannabinoids and other drugs session

Thursday Oct. 12: Environmental toxicology: exposures, risk assessment and management

Friday Oct. 13: Renal toxicology, Natural toxins
